### § 248.5 Selection of new State agencies.

In selecting new State agencies, the Department will use objective criteria to rank and approve State plans submitted in accordance with § 248.4. In making this ranking, the Department will consider the amount of funds necessary to successfully operate the FMNP in the State compared with other States and with the total amount of funds available to the FMNP. Approval of a State Plan does not equate to an obligation on the part of the Department to fund the FMNP within that State agency.

## Subpart C—Recipient Eligibility

### § 248.6 Recipient eligibility.

(a) *Eligibility for certification.* Individuals who are eligible to receive Federal benefits under the FMNP are those, excluding infants 4 months of age or younger, who are currently receiving benefits under WIC or who are on the waiting list to receive benefits from WIC.

(b) *Limitations on certification.* If necessary to limit the number of recipients, State agencies may impose additional eligibility requirements, such as limiting participant certification to certain geographic areas, or to high priority WIC participants such as pregnant and breastfeeding women. States may also preclude groups of low priority persons, such as persons on the waiting list for WIC. Each State agency must specifically identify these lim-

itations on certification in its State Plan.

(c) *Recipient or household benefit allocation.* On a Statewide basis, State agencies shall elect to allocate and issue benefits either to recipients or households. A State agency allocating benefits on a household basis shall not issue more benefits to a household than it otherwise would if benefits were allocated to individual recipients within the household. For those State agencies issuing FMNP benefits on a household basis, each family as defined in § 246.2 of this chapter shall constitute a separate household. Foods provided, regardless of method of issuance, are intended for the sole benefit of FMNP recipients and are not intended to be shared with other non-participating household members. If a State agency issues benefits on a household basis, data concerning number and type of recipients must still be provided as required by § 248.23(b). Recipients shall receive FMNP benefits free of charge.

### § 248.7 Nondiscrimination.

(a) *Civil rights requirements.* The State agency shall comply with the requirements of title VI of the Civil Rights Act of 1964, title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Department of Agriculture regulations on non-discrimination (7 CFR parts 15, 15a and 15b), and applicable FNS Instructions to ensure that no person shall, on the grounds of race, color, national origin, age, sex or handicap, be excluded from participation, be denied benefits, or be otherwise subjected to discrimination, under the FMNP. Because racial and ethnic participation data (as required by title VI of the Civil Rights Act of 1964) are collected at the time women, infants, and children are certified for participation in the WIC Program, the Department has determined that the WIC data collection effort is sufficient to fulfill the racial/ethnic data collection requirement for the FMNP. Therefore, no additional data collection is required. Compliance with title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of
